

Trauma Rounding Checklist: A Quality Improvement Project

Jennifer York APRN, Derek Krinock MD,
Jordyn Hastings APRN, Shonda Grappe RN,
Deidre Wyrick MD

1

Disclosure Statement of Financial Interest:
Nothing to Disclose

2

Background

- Trauma patients are complex
- Multiple levels of trainees
- Systemwide shift work
- Lack of consistent communication
- Non-compliance with pathways

Created by Wellstar
Brain Nerve Project

3

Methods

- Engaged key stakeholders
- Trauma registry queried
- Checklist created
- Information technology and EMR experts

4

Stakeholder Meetings

- VTE prophylaxis
- CRAFFT/STEPP
- Multimodal pain
- Activity status
- PT/OT/ST timeliness

Created by Fahmi Somdi Sid from Noun Project

5

Implementation

- First draft created on paper
- Piloted with trauma APPs on main trauma units
- Updated based on experience and feedback

6

Lessons Learned

-  Trauma team engagement
-  Multi-level education
-  Access for entire team
-  HIPAA Compliance

7

Implementation 2.0

- Leveraging the EMR
 - IT analyst
 - EMR specialist
- Usability
- Systemwide rollout

Created by Mohamed Mb
Baini-Nouri Project
